The Turn Of The Century Electrotherapy Museum

http://www.electrotherapymuseum.com

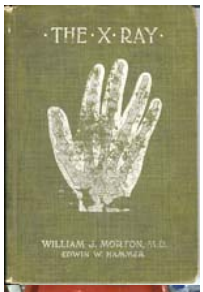
Many thanks to Frank Jones for keeping the site alive with his collection.
As can be seen, my experimenting is slowing down drastically!

What's New in 2010...
Part C

Last Updated: Sunday 04. July 2010, 00:41 EST

An Introduction To The Turn Of The Century Electrotherapy Museum

The New Marvel In Photography / Roentgen Rays In America



Chloride Of Silver Galvanic Battery

A New Design Of Heavy Duty Spark Gap

Curtis Coil Test with MOT and Dimmer Circuit

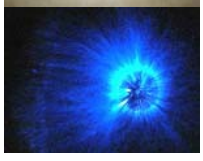
Martin Edmund's Table Top Tesla Oscillator (Part 1)

Martin Edmund's Table Top Tesla Oscillator (Part 2)

2 Microfarad Tesla Oscillator Tests

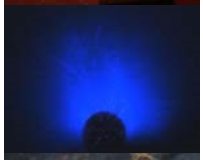
Pidgie and the Plasma Disk

TO BE CONTINUED! July 9 - 11: 108 Years Later



Tesla Phantom Streamers 21. June 2010 - New Arrangement

Solid State Dimmer-Driven MOT Circuit for Producing Phantom Streams with a Pancake Coil



Solid State Dimmer Circuit For Induction Coils / Ignition Coils

Striations in Crookes / Geissler Tubes

More Tesla Bulb Experiments

Tesla Bulbs

Thomas Burton Kinraide Patent 774,759
Portable High Frequency Device and Vacuum Tube Stand

Swett& Lewis High Frequency X-Ray Tube

Antique House: Life in Sepia

Swett& Lewis Floor Stand
(for Kinraide inventions, X-Ray Tubes, Jackson Coil, etc)

Dry Cell Batteries

Fischer Quartz Ultraviolet Floor Model Lamp

Liebel Farsheim Short Wave Floor Model Diathermy Machine

H. G. Fischer Type H Diathermy Machine

Unusual Japanese / US Late Model Faradic Battery

Wappler Excell Floor Model High Frequency Coil w/ Short Wave Diathermy

KY Lubricating Jelly for Vacuum Electrode Treatments

Homemade Leyden Jar Discharger
